

Dear CLPE Parents/Guardians,

We will be making a change for our morning routine, starting tomorrow, Tuesday, November

5th. Because our outside doors on the southeast and east of the building will be functional soon, we are able to get students back outside for before school recess. The west asphalt playground between the building and the fence is still closed. It has been a great learning experience and novel change for us to work together as a community of learners in the gym first thing in the morning. In fact, last week PSD's Channel 10 came out to film Melissa Flail during our unique morning announcement routine, and will be up on Channel 10 soon. Please check it out. I also discussed with Channel 10 some of the compromises and flexibility of students and staff during our challenging last 7 weeks since the Cache La Poudre flooded.

Beginning **TOMORROW, TUESDAY, NOVEMBER 5th**:

- Before school outdoor recess: Students will NOT gather in the gym, but instead go directly to the playground.
- BUS: Students will all enter the double doors of the FLEX room. They then will either stop to eat breakfast or proceed down the hall and out the east double doors to the playground.
- DROP-OFF: Cars will stop at the stop sign where adults will assist students out of their cars and along the east sidewalk to the playground. If students want breakfast, they may walk through the east double doors to the FLEX room.
- Please do NOT drop students off at the front door. Trish and/or Kandy have to answer the dingling doorbell when they are so very busy with other duties, so this is not acceptable. It is not fair to them to have students enter by the front doors just because they don't want to walk around. Students are NOT to enter by the front door. They will not buzz them in. They either are to go through the double east or double west doors.
- When the bell rings at 8:55, students will line up at the east doors. Each teacher will describe procedures and door entrances today so students are prepared for tomorrow. Hopefully, our containment areas will be cleared soon to open up more outside doorways.
- When weather is bad, snowing heavily or raining, we will revert to going into the gym first. Our sign out front will read ASSEMBLY, if they are to meet in the gym instead of going to the playground. The adults will move back to the center of the drop-off area to let students out of cars.

I know this is another change, but hopefully a good change. We had to think creatively and use the resources and spaces we had while under construction, but now we have a little more flexibility. As always, thank you for your cooperation!

Also, please note that our **Veteran's Day Program is this THURSDAY, NOVEMBER 7TH 10:00-11:00 in the CLPE gym**. Hope to see you there!
